CEO Action for Inclusion and Diversity is the largest CEO-driven business commitment to advance inclusion and diversity in the workplace.

Our Story

- >2500 signatories
- 85+ industries supported
- 21M+ employees represented in the U.S.

Established in 2017, CEO Action was created to promote inclusive and diverse workplaces, emphasizing how collaboration and bold action from the business community, particularly CEOs, are essential for driving large-scale change.

The coalition offers a range of tools, resources, events, and thought-leadership opportunities to help CEOs make impactful decisions for their organization. By convening leaders across industries, our signatories have the opportunity to learn from and challenge one another.

CEO Action is dedicated to build greater understanding and creating workplaces that reflect the diversity of our society, striving collectively for a more just and inclusive world.

CEO Action is now the largest business-led initiative to advance I&D in the workplace, with more than 2,500 CEOs having pledged to create more inclusive cultures while not being afraid of having difficult conversations about inclusion and diversity.

As of Oct. 1, 2024, SHRM assumed leadership of CEO Action for Diversity & Inclusion. We are excited to collaborate with you on this journey to drive meaningful change in your workplaces. Under SHRM, this initiative will now be called SHRM CEO Action for Inclusion & Diversity, serving as the trusted, data-driven advisor C-suite executives require to prioritize impactful change in their workplaces.

Commitment to inclusion and diversity takes all of us.

Our Purpose

At CEO Action for Inclusion & Diversity, we believe that diversity is the catalyst for innovation and superior performance, but it must be paired with true inclusion to unlock its full potential.

Beyond being a moral imperative, fostering inclusivity is a strategic advantage that propels businesses forward. Research has shown that organizations that lead with inclusion are eight times more likely to have better business outcomes.

Our coalition, the largest CEO-led initiative of its kind, will ensure leaders have the data-driven insights, resources and counsel needed to build workplaces where everyone can thrive.

We have made great progress in advancing inclusion and diversity, but there is still much work left to do.

CEO Action for Inclusion & Diversity signatories are committed to building productive, diverse and inclusive workplaces.

CEO Action brings together more than 2,500 CEOs who have pledged to:

- Cultivate environments that support civil, open dialogue around inclusion and diversity.

Due to an overwhelming volume of interest, SHRM CEO Action for Inclusion & Diversity has temporarily paused the acceptance of new signatories. In parallel, the initiative is undergoing a significant transformation to ensure it aligns with today's evolving legal landscape, unifies workplaces rather than divides them, and delivers measurable business value.

We remain committed to helping organizations advance workplace inclusion and diversity in ways that are:

- Legally compliant in a shifting regulatory environment
- Workplace unifying in both culture and communication
- Business accretive in driving performance, innovation, and growth

Thank you for your interest and continued leadership in this important work.

Business can ACT ON making change happen.

We know there is no single formula for improving inclusion and diversity that is applicable to every company, industry or environment. However, we believe that openly sharing these actions in a spirit of collaboration will allow organizations to achieve their inclusion and diversity goals faster than any organization could achieve on its own.

Actions

Like any critical business imperative, advancing inclusion and diversity requires clear strategy, deliberate focus and sustained action.

General

The initiative launched on June 12 th , 2017.

CEO Action for Diversity & Inclusion™ is the largest CEO-driven business commitment to advance diversity and inclusion within the workplace. A unique coalition of more than 2,500 CEOs have signed on to this commitment, agreeing to take action to cultivate environments where diverse experiences and perspectives are welcomed and where employees feel comfortable and encouraged to discuss diversity and inclusion. All CEO signatories serve as leaders of their organizations and have committed to implementing the pledge within their workplaces, or where companies have already implemented one or several of the commitments, will support other companies in doing the same.

Click here to learn more about the CEO Pledge, review guidelines for becoming a signatory and download and submit the required documents for review.

Yes. As part of signing on to CEO Action for Diversity & Inclusion™, CEOs are committing to taking action to implement all of the elements within the pledge.

CEO Action for Diversity & Inclusion™ was collectively formed by CEOs and leaders from Accenture, BCG, Deloitte US, The Executive Leadership Council, EY, General Atlantic, KPMG, New York Life, P&G and PwC. Today, the coalition is led by PwC US Chairman and Senior Partner Tim Ryan. Today, the coalition is led by SHRM.

- First, each of the signatories are focused on cultivating workplaces that support open dialogue on complex, and sometimes difficult, conversations about diversity and inclusion.
- Second, we believe that there is a gap around sharing and collaborating across enterprises in order to advance this issue within the business community. Some are making strides while others aren't, and there are valuable lessons to be shared and learned in both of those experiences. To facilitate the exchange of actions, we built a hub that enables companies to share best known actions across different areas of diversity.
- Third, each signatory has agreed to implement unconscious bias education in their respective organization, and those who have already done so are committing to mentor others so they can effectively implement this education.
- And finally, signatories will create and share strategic inclusion and diversity plans with their board of directors, or equivalent governing bodies.

CEO Action for Diversity & Inclusion™ assembles the largest collection of business leaders from various industries openly committing to sharing successful diversity and inclusion initiatives as well as lessons learned. The coalition was founded on a shared belief that diversity, equity and inclusion is a societal issue, not a competitive one, and that collaboration and bold action from the business community - especially CEOs - is vital to driving change at scale.

No. CEO Action is committed to advancing inclusion for all employees and making them feel supported in the workplace, regardless of race, ethnicity, national origin, gender or gender identity, sexual orientation, age, religion, disability status, veteran status, or other aspect of diversity. We recognize that diversity, equity and inclusion are multifaceted issues and that we need to tackle these subjects holistically to better engage and support all of our employees, our communities and our stakeholders.

SHRM has a decades-long track record of championing inclusion and diversity leading practices in workplaces globally. As a leading authority on all things work, worker and workplace, SHRM combines industry-leading research with a focus on actionable strategies that help CEOs make tangible progress on inclusion and diversity initiatives.

SHRM will infuse significant resources into CEO Action, including additional tools, resources, events and thought-leadership opportunities, that will help better support business leaders in advancing and promoting inclusive workplaces. CEO Action is already global as many of the signatories are global companies. SHRM is a global organization, and we will make CEO Action available everywhere we serve.

Organizations that lead with inclusion are eight times more likely to have better business outcomes. We believe deeply in the importance of fostering inclusive work environments and remain steadfast in our commitment to creating positive and productive workplaces, for everyone. We believe in the power of CEOs to lead from the top on these issues and will continue to drive real change.

CEO Action is the largest coalition of CEOs dedicated to creating inclusive and diverse workforces. CEOs will continue to help us shape what tools, resources and experts are needed to measure and drive meaningful change in the workplace.

Yes, the name of this coalition moving forward will be SHRM CEO Action for Inclusion & Diversity.

We invite any CEO committed to creating inclusive and diverse workplaces to sign the pledge and become a signatory.

We will continue to listen to our signatories about how the pledge commitments can be refined to ensure they are driving measurable, meaningful change.

CEO signatories will continue to help us shape what tools, resources and experts are needed to measure and drive meaningful change in the workplace.

You may not use or display our Trademarks in any manner without our prior written permission. You further acknowledge and agree that we shall not be responsible or liable, directly or indirectly, for any damage or loss caused or alleged to be caused by or in connection with use of or reliance on any such Content, goods or services made available on or through any such site or resource.

8. Linking to the Services

You may link to our website homepage, provided you do so in a way that is fair and legal and does not damage our reputation or take advantage of it, but you must not establish a link in such a way as to suggest any form of association, approval, or endorsement on our part without our express written consent. The Services may provide certain social media features that enable you to: link from your own or certain third-party websites to certain content on our Services; send communications with certain content, or links to certain content, using the Services; or cause limited portions of content on the Services to be displayed or appear to be displayed on your own or certain third-party websites. You may use these features solely as they are provided by us, and must not otherwise: establish a link from any website that is not owned by you; cause the Services or portions of it to be displayed on, or appear to be displayed by, any other site (for example, scraping, framing, deep linking, or in-line linking); or take any action with respect to the Services that is inconsistent with these Terms. We may disable any social media features and any links at any time without notice in our sole discretion.

9. Disclaimer of Warranty; Limitation of Liability

YOUR USE OF THE SERVICES AND MATERIALS IS AT YOUR OWN RISK. TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, THE SERVICES AND MATERIALS THEREIN ARE PROVIDED “AS IS” WITHOUT A REPRESENTATION OR WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO WARRANTIES OF TITLE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NON-INFRINGEMENT. WE DO NOT WARRANT THAT THE FUNCTIONS OR CONTENT CONTAINED ON THE SERVICES WILL BE UNINTERRUPTED OR ERROR-FREE, THAT DEFECTS WILL BE CORRECTED, OR THAT OUR SERVERS ARE FREE OF VIRUSES OR OTHER HARMFUL COMPONENTS THROUGH USE OR DOWNLOADING MATERIAL FROM THE SERVICES. UNDER NO CIRCUMSTANCES SHALL WE BE LIABLE FOR ANY DIRECT OR INDIRECT, ACTUAL, SPECIAL, PUNITIVE, INCIDENTAL OR CONSEQUENTIAL DAMAGES THAT MAY ARISE FROM THE SERVICES. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF LIABILITY FOR CERTAIN DAMAGES, AND IN SUCH JURISDICTIONS OUR LIABILITY IS LIMITED TO THE GREATEST EXTENT PERMITTED BY LAW.

BY ACCESSING THE SERVICES, YOU UNDERSTAND THAT YOU MAY BE WAIVING RIGHTS WITH RESPECT TO CLAIMS THAT ARE AT THIS TIME UNKNOWN OR UNSUSPECTED, AND IN ACCORDANCE WITH SUCH WAIVER, YOU ACKNOWLEDGE THAT YOU HAVE READ AND UNDERSTAND, AND HEREBY EXPRESSLY WAIVE, THE BENEFITS OF ANY LAW WHICH PROVIDES THAT A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR.

The provisions in these Terms are intended to be only as broad and inclusive as is permitted by the laws of your state of residence. We reserve all rights, defenses and permissible limitations under the law of your state of residence.

10. Indemnification

You agree to defend, indemnify and hold us harmless against any losses, expenses, costs or damages (including our reasonable attorneys’ fees, expert fees’ and other reasonable costs of litigation) arising from, incurred as a result of, or in any manner related to any claim or action based upon (a) your breach of the terms and conditions of this Agreement, (b) your use of the Services, and/or (c) the use of the Services by any other person using your IDs. We may, if necessary, participate in the defense of any such claim or action and any negotiations for its settlement or compromise. No settlement which may adversely affect our rights or obligations shall be made without our prior

written approval. We reserve the right, at our own expense and on notice to you, to assume exclusive defense and control of any such claim or action and then your corresponding indemnification obligation will end.

11. Governing Law; Arbitration and Class Action Waiver

The laws of the Commonwealth of Virginia, excluding its conflicts-of-law rules, shall govern these Terms and the Services. EXCLUDING DISPUTES ADDRESSED THROUGH ARBITRATION AS PROVIDED BELOW, YOU AGREE TO SUBMIT TO THE EXCLUSIVE JURISDICTION OF THE COMPETENT STATE AND FEDERAL COURTS WITH JURISDICTION FOR ALEXANDRIA, VIRGINIA IN RELATION TO ANY CLAIM, DISPUTE, OR DIFFERENCE ARISING FROM THESE TERMS, AND YOU AGREE TO WAIVE ANY RIGHT OF REMOVAL OR TRANSFER WHETHER DUE TO FORUM NON-CONVENIENS OR OTHER REASON. The United Nations Convention on Contracts for the International Sale of Goods and the Uniform Computer Transaction Act (UCITA) are expressly excluded from these Terms.

We are reachable via the contact information at the end of these Terms to address any concerns you may have regarding your use of the Services. The parties shall use their best efforts to settle any dispute, claim, question, or disagreement directly through consultation and good faith negotiations, which shall be a precondition to you initiating a lawsuit or arbitration against us. Any matter or dispute relating in any way to your use of the Services or these Terms, which is not so resolved shall be submitted to binding confidential arbitration as provided below.

Excluding claims by us for injunctive or other non-monetary relief, any claims related to the Services and any dispute or controversy arising out of or relating to these Terms, including without limitation, any and all disputes, claims (whether in tort, contract, statutory or otherwise) or disagreements concerning the existence, breach, interpretation, application or termination of these Terms, shall be resolved by final and binding arbitration in accordance with the JAMS Inc. Streamlined Arbitration Rules & Procedures then in effect. The decision of the arbitrator will be final and binding on the parties. Judgment on any award(s) rendered by the arbitrator may be entered in any court having jurisdiction thereof. Nothing in this section shall prevent either party from seeking immediate injunctive relief from any court of competent jurisdiction, and any such request shall not be deemed incompatible with the agreement to arbitrate or a waiver of the right to arbitrate. The parties undertake to keep confidential all awards in their arbitration, together with all confidential information, all materials in the proceedings created for the purpose of the arbitration and all other documents produced by the other party in the proceedings and not otherwise in the public domain, except to the extent that disclosure may be legally required of a party, necessary to protect or pursue a legal right, or to enforce or challenge an award in legal proceedings before a court or other judicial authority.

The arbitration shall take place in Alexandria, Virginia or at the option of the party seeking relief, online, by telephone, via written submissions alone or in your state of residence if requested, and be administered by JAMS; provided however, that in the event that five (5) or more individuals seek to initiate (or do initiate) arbitration proceedings against us in a coordinated or related manner (e.g., coordination among plaintiffs or their counsel in regard to similar claims), then instead of such arbitrations being administered by JAMS, we may elect in our sole discretion to consolidate such arbitrations before an arbitrator mutually agreed-upon by the Parties (and terminate any pending administration by JAMS), with such arbitrator being a retired federal or state judge and experienced with the subject matter of the arbitration.

YOU WAIVE YOUR RIGHT TO A JURY TRIAL IN ANY JUDICIAL PROCEEDING. IN ADDITION, TO THE MAXIMUM EXTENT PERMITTED UNDER APPLICABLE LAW AND EXCEPT FOR CONSOLIDATED ARBITRATION AS PROVIDED ABOVE, YOU AGREE THAT EACH PARTY TO A DISPUTE HEREUNDER MAY BRING CLAIMS AGAINST THE OTHER ONLY IN YOUR OR ITS INDIVIDUAL CAPACITY AND NOT AS A PLAINTIFF OR CLASS MEMBER IN ANY PURPORTED CLASS OR REPRESENTATIVE ACTION. Unless both you and we agree (and for consolidated arbitration as provided above), no arbitrator or judge may consolidate more

than one person's claims or otherwise preside over any form of a representative or class proceeding.

12. Termination

We may terminate this Agreement, restrict, suspend or terminate your access to and use of the Services immediately and without notice or liability, with or without cause, and it will not limit any other rights or remedies which are available to us. You may terminate this Agreement by providing us with written notice of your termination and ceasing to use or access the Services. Termination is your sole right and exclusive remedy if you are not satisfied with the Services. Upon the effective date of any such termination, your right to access and use the Services shall immediately cease.

13. Services Controlled from United States

Our Services are operated from the United States. We make no representation that content or materials in the Services are appropriate or available for use in other jurisdictions. Access to any of the Services from jurisdictions where such access is illegal is strictly prohibited. If you choose to access the Services from other jurisdictions, you do so at your own risk. You are always responsible for your compliance with applicable laws.

14. Entire Agreement; Severability

15. Miscellaneous

This Agreement may not be modified by anyone except in writing signed by an authorized officer of CEO Action. No failure or delay in enforcing any provision, exercising any option or requiring performance, shall be construed to be a waiver of that or any other right in connection with this Agreement. You may not assign your rights under this Agreement without our prior written permission and any attempt by you to do so shall be void. If any term of this Agreement is held invalid, illegal or unenforceable, the remaining portions shall not be affected. Any provision of this Agreement which by its nature must survive the termination of this Agreement in order to give effect to its meaning shall survive such termination.

Investing in our Communities: $50M over Five years

Challenge

M has a long tradition of philanthropy and volunteer initiatives that progress STEM (science, technology, engineering, and math) equity and skilled trades as bridges of opportunity.

Actions

We are increasing our support through a plan to invest $50 million over five years to address racial opportunity gaps through workforce development and STEM education initiatives.

Outcomes

Recognizing the integral role of our nonprofit partners in the community, the 3M Community Coalition was formed to bring forward community leader voices and help advise on plans for steering this $50 million investment to make the biggest impact. The 3M Community Coalition includes eight Minnesota community leaders from government, nonprofits, and the education sector, including Mayor Carter of Saint Paul, Minn. Our first commitments were focused in the Twin Cities and included: $5 million 3M Science. Applied to Life.™ UNCF (United Negro College Fund) scholarship and student support program for students in Saint Paul, Minn. Expansion of 3M Manufacturing & Academic Partnerships at Saint Paul Public Schools to expose high school students to manufacturing careers. $1 million investment in the 3M Foundation Social Justice Fund. Recipient organizations were selected in partnership with members of our African American Network and other Employee Resource Networks.

Engaging 3Mers as Inclusion Advocates

Challenge

More than 5,000 members of the 3M community came together for a panel discussion about the impact of George Floyd's death and our next steps to combat systemic inequity and racism.

Actions

Our CEO Inclusion Council — leaders who focus on action planning for inclusion and diversity initiatives at 3M — also held listening sessions and candid conversations, inviting 3Mers to speak up about the support and social change they needed. We continue to purposefully create space for 3Mers to voice their experiences and learn about inclusion advocacy. In addition, 3M has partnered with the nonprofit Management Leadership for Tomorrow (MLT) to hold workshops about advancing racial equity and continuing transparent dialogue. This included: Leadership workshops: 3M Corporate Operating Committee members participated in a workshop about confronting systemic racism through antiracist advocacy and prioritizing representation in the workplace. All vice presidents and above attended a workshop on racial inclusion advocacy, and all leadership teams participated in group discussions. — Candid conversations: MLT trained 20 facilitators across 3M who will host small group sessions about racial inclusion advocacy for employees in 2021. These sessions are intended to help 3Mers develop a fluency in having candid conversations about race and understand actions they can take to address systems and processes that create inequities.

Outcomes

Working closely with our Employee Resource Networks 3M leaders have been intentional about listening to our employees, especially those in our Black/African American and Hispanic/Latino communities. These conversations have fostered greater understanding and provided clarity on our progress and path forward. Every step of the way, our Employee Resource Networks (ERNs) have taken on instrumental roles as leaders, influencers and advocates. Following the death of George Floyd, global ERNs came together to acknowledge its impact, listen to each other and help enact change. Leaders from 3M's African American Network (AAN), Latino Resource Network (LRN) and Women's Leadership Forum (WLF) spoke at an internal global listening event. AAN and WLF co-sponsored a virtual event featuring an award-winning author who talked about how to have productive conversations about race. And in November, chairs of the AAN and LRN spoke about racial equity at 3M's virtual Global Inclusion Day event. Fourteen ERN leaders (two of whom are pictured above) also helped select the grant recipients of the 3M Foundation Social Justice Fund. ERNs will continue to be involved in the selection process for $1 million annually in grant funding. In 2020, four nonprofits each received a $250,000 grant: NAACP Legal Defense and Educational Fund, Inc., Neighborhood Justice Center, Penumbra Center for Racial Healing and YWCA Saint Paul.

Gender Pay Equity Progress Around the World

Challenge

3M’s global pay philosophy, principles and consistent implementation produce fair and equitable pay for our employees. We analyze pay equity by comparing employees in the same job category, job grade and location.

Actions

We seek to ensure employees of different genders are paid the same for similar job responsibilities, and our practices are creating gender pay equity across the globe. 3M has achieved pay equity within 90% of our global employee population, and we continue to make progress toward enterprise pay equity.

Outcomes

An analysis of our largest countries — comparing national average raw pay gap data between men and women to 3M's compensation data — showed our raw pay differences are below external benchmarks. Fourteen of the 17 countries analyzed show an adjusted gender wage gap of 1% or less. We are working to increase or maintain pay equity across the globe and are committed to transparency. Through an objective process and industry-leading compensation methods, we have achieved pay equity in the United States for women and for racial/ethnic groups.

Grassroots Momentum through AAA's Diversity Council

Challenge

With big ideas and finite resources, we wanted a faster way to integrate diversity and inclusion efforts into all aspects of our organization, from people practices to business practices. We sought an organic and employee-driven system to capture ideas and accelerate momentum within our business units to support our people strategy to Design experiences that connect diverse people across AAA to drive innovative, superior products and services .

Actions

We created a Diversity, Equity, and Inclusion Council, but not with the typical top-down structure. We developed a charter, sought applications from our employees, and selected diverse and passionate individual contributors and mid-level managers across all business units. This 10-member council is self-governing, with a lead and an executive sponsor from our People & Culture team.

The DEI Council identifies, implements, and promotes diverse, inclusive, and equitable practices within the AAA National Office. The council is a catalyst for thoughtful dialogue, education, and fostering an environment that supports AAA's basic beliefs and values. The council fills three purposes:

- An advisory body to the Executive team to recommend favorable DEI practices
- Implementation body for agreed-upon initiatives
- Ambassadors to increase awareness and education

Outcomes

In less than two years, the DEI Council developed a AAA response plan and criteria for when and how to respond to social justice issues. The council also rolled out a program called Consistent Conversations, which positions diversity as a critical business issue, and helps leaders lead interactive DEI discussions in team meetings. Annually, the council identifies key occasions that spotlight multiple dimensions of diversity spanning ethnicity, gender, sexuality, and ability. The council is becoming a strong voice for belonging and a catalyst for systemic change, equity, and access.

We are highly committed to "walking the talk" in our journey to create an inclusive organization where all voices are equally important. Diversity, Equity, and Inclusion Council members are the eyes and ears of the organization; they help keep a pulse and give voice to diverse needs, issues, and opportunities across our business units.

What is Your Story?

Challenge

As a 120-year old organization with a rich history and a long-standing commitment to our employees, we are on a journey to create a workplace that expands our legacy values of honesty and respect, and encourages differing points of view and open dialogue. The commitment to our employees in our Basic Beliefs encourages each of us to bring our best selves to work and in a spirit of inclusion and belonging: We will collaborate across all levels and departments and will be inclusive of diverse backgrounds, thoughts, beliefs, and experiences .

Actions

Employees participated in a daylong workshop called What is Your Story? The program introduced diversity, equity, inclusion, and belonging concepts through an interactive and facilitated conversation focused on understanding each other's personal stories. The workshops helped to connect people across AAA to see that regardless of background, race, gender, or other dimensions, we are more alike than different. Understanding each other's story helps to increase our ideas, energy and commitment to the unique perspective that we all bring to AAA each day.

Outcomes

We evolved what was primarily a focus on ethics, harassment and discrimination compliance and broadened it to include diversity, inclusion and belonging as core values of AAA. We continue our What is your Story ? via employee spotlights featured on our intranet and newsletter. These individual stories highlight each employees' diverse background, experience and beliefs through photographs and storytelling. We recently hosted a What is your Story? panel of LGBTQ employees and allies who shared what it means to be LGBTQ in the workplace, and a parent of an LGBTQ teen shared about their personal journey.

When we put ourselves in another person's story, we actually find more similarities than differences in each other. Belonging is about connecting on a basic human level through a safe and open environment. I am proud to be part of a respectful and inclusive organization that seeks and values diverse experiences, ideas, beliefs, and attributes.

Challenge

For years we have hired diverse talent, yet struggled with the same challenge most organizations have faced – how do we ensure diversity at all levels of the organization? How do we truly live our Basic Beliefs to treat all AAA associates fairly with regard to employment opportunities, compensation, and potential for advancement, education and training?

Actions

Since 2018, we set annual shared incentive goals with our Senior Leadership Team. The goal is simple: Interview at least one diverse candidate for each job vacancy. What we have found is that when diversity is top of mind, leaders are more mindful of the "similar to me" tendency. We continue to challenge our implicit biases and have hired some of the most talented, diverse individuals across our organization.

Outcomes

For the past three years, our minority-hiring rate is strong at 38%. Our executive team is increasingly gender and ethnically diverse, in addition to the abundance of diverse lived experiences that each executive brings to the organization. We strongly believe that what you measure, you manage — as evidenced in our progress towards a diverse representation of employees at all levels.

AAA is proud to have 40% and growing female representation on our Senior Leadership Team. These talented women guide our automotive, brand, advocacy, technology, and travel business, culture, finances, legal and legendary roadside assistance. We’re grateful to have them in the driver’s seat.

- ASCEND - Supporting Team Members in the AAPI community
- DAWN - Providing education, resources, and support for mental health, wellbeing and Team Members with different ability statuses

Supporting our Team Members' Mental Health and Wellbeing

Challenge:

The events of the past few years have affected AAA Northern California, Nevada & Utah (AAA NCNU) Team Members and their dependents. While AAA NCNU offers an Employee Assistance Program (EAP), AAA NCNU recognized Team Members and their dependents may need additional resources to cope with challenges. To address this, the company invested in a comprehensive wellness platform.

Actions:

In 2023, AAA NCNU identified and invested in a comprehensive wellness platform that provides in-app and online support for Team Members and their dependents. Using the platform, Team Members have access to 24/7 counseling, private coaching sessions, chat and therapy sessions, group support sessions, self-paced digital courses, guided meditations, and ongoing wellness assessments at no cost.

Outcomes:

More than 20 percent of AAA NCNU Team Members enrolled in the platform within the first 90 days of its launch. Several AAA NCNU ERGs have also used the platform to provide resources specifically tailored to their groups, such as support sessions in response to current events

D&I Awareness Training & Unconscious Bias Training

Challenge

As we continue to grow, hire new team members, and engage new clients, we must continue to understand the needs and values of our diverse workforce and our client base.

Actions

Our Diversity Initiative includes ongoing data gathering, surveys, roundtables, staff forums, and annual awareness training. All AAFCPAs team members participate in innovative, implementation-focused Diversity & Inclusion Awareness training & Unconscious Bias training. We believe that talking and training alone will not bring about change. Therefore, all team members commit to be aware of their conscious and unconscious biases and to change practices and processes as appropriate.

Outcomes

D&I Awareness Training & Unconscious Bias training are the first step in creating AWARENESS. Our team members are more alert and aware of behavior that may make others uncomfortable or offended, and know that the firm expects employees of all levels to eliminate bias and prejudice. In our Unconscious Bias training, team members candidly shared with the group some of their unconscious bias, and committed to be conscious, adjust automatic patterns of thinking, and eliminate discriminatory behaviors.

Flexible Work Arrangements at AAFCPAs

Challenge

Through feedback that originated from AAFCPAs' Women's Opportunity Network (AAF-WON), we recognized that the demands of personal and family commitments were forcing team members to choose to leave public accounting, impacting retention of highly-valued resources. We also learned that team members did not want to be the "special case" but rather preferred a formal program.

Actions

The firm introduced a Flexible Work Arrangements program, allowing team members to propose alternative work schedules and plans that fit their personal lives while meeting the responsibilities of their jobs. Solutions have included a combination of reduced schedules, compressed work weeks, and remote work options.

Outcomes

Our Flexible Work Arrangements program provides employees with increased work-life balance and less stress. The firm benefits from less turnover, less expenses from replacing lost resources, more reliability in scheduling and deployment of resources, higher productivity levels, and employee evangelists who share their unique stories of how the firm cares about them.

Quote

In public accounting, the priorities of client service and reporting deadlines mean finding creative solutions to balancing personal and professional demands. These creative solutions are making it easier for our talent to stick with us—especially during periods of time when demands at home make it difficult to be fully present and engaged at work.

Women's Opportunity Network

Challenge

The Partners recognized that many women were leaving the firm as they approached manager level. Our profession, as well as our firm, did not have positive statistics when it came to women in management positions. We needed to back up the conversation to earlier than an exit interview to understand the “why” so we would fully understand what needed to change.

Actions

In 2011, AAFCPAs’ Co-Managing Partner, Carla McCall established the AAFCPAs Women’s Opportunity Network (AAF-WON), a forum to discuss issues faced by women in the profession. The focus was on career advocacy and advancement.

We developed a charter that had three primary focuses – Advocacy, Education, and Communication. We enlisted a Board that was made up of female middle management, which provided them with an active voice and role in leading the cultural shift.

AAF-WON started with quarterly, women-only roundtables, which served as the primary forum providing partners with the critical feedback needed to identify why women were not seeing AAFCPAs as a viable long-term career path. This resulted in the adoption of numerous policies by the firm which helped increase retention significantly.

Having partner champions was a critical component of success. These champions facilitated consistent discussions related to the business case and why retaining and advancing women in leadership was important to the firm. AAF-WON provided a culturally accepted way for women to meet, mentor, and sponsor each other’s development. It has provided leadership opportunities for participants to plan and lead firm wide initiatives and events. While the roundtables are designed exclusively for female employees, all other events (guest speakers, panel discussions, etc.) are open to all team members.

Programs are designed to address identified needs, including: strategies to achieve work-life balance; asking for what you want professionally; seeking intentional experiences; giving & receiving feedback; navigating candid conversation; business development coaching; negotiation skills; achieving visibility; taking credit for your accomplishments; and leading with authenticity.

Outcomes

Female leadership in the firm has increased from 25% in 2011 to 44.4% in 2019.

Quote

Our Women’s Opportunity Network initiated the regular conversations that needed to happen, especially at the partner level, to change our culture and to overcome conscious and unconscious biases that existed in relation to women’s pursuit of leadership.

Inclusion Education and Training at Abdo

Challenge

As an accounting firm with an office just 10 minutes from where the George Floyd incident took place, we knew we wanted to formalize our DEI efforts with measurable goals in mind. We began by setting up a DEI committee apprised of members that showed commitment and passion for DEI efforts.

Actions

Our committee decided that education would be a top priority and quickly set up a goal of 8 hours of education per employee per year. We enlisted the assistance of the Greater Mankato Diversity Council to provide the firm with a 4 part training on implicit bias. The entire firm took part in the 6 hour virtual series and the feedback we received was very positive.

Outcomes

We plan to continue building on this training yearly and will continue to have 8 hours of DEI training per year as a top goal for the firm. Our next trainings will take place in early January—with videos and discussion around implicit bias provided by CEO Action plan. We also will bring in a diversity speaker for a DEI workshop in the fall.

Business can ACT ON making change happen.

We know there is no single formula for improving inclusion and diversity that is applicable to every company, industry or environment. However, we believe that openly sharing these actions in a spirit of collaboration will allow organizations to achieve their inclusion and diversity goals faster than any organization could achieve on its own.

Actions

Like any critical business imperative, advancing inclusion and diversity requires clear strategy, deliberate focus and sustained action.

Business can ACT ON making change happen.

We know there is no single formula for improving inclusion and diversity that is applicable to every company, industry or environment. However, we believe that openly sharing these actions in a spirit of collaboration will allow organizations to achieve their inclusion and diversity goals faster than any organization could achieve on its own.

Actions

Like any critical business imperative, advancing inclusion and diversity requires clear strategy, deliberate focus and sustained action.

Business can ACT ON making change happen.

We know there is no single formula for improving inclusion and diversity that is applicable to every company, industry or environment. However, we believe that openly sharing these actions in a spirit of collaboration will allow organizations to achieve their inclusion and diversity goals faster than any organization could achieve on its own.

Actions

Like any critical business imperative, advancing inclusion and diversity requires clear strategy, deliberate focus and sustained action.

Business can ACT ON making change happen.

We know there is no single formula for improving inclusion and diversity that is applicable to every company, industry or environment. However, we believe that openly sharing these actions in a spirit of collaboration will allow organizations to achieve their inclusion and diversity goals faster than any organization could achieve on its own.

Actions

Like any critical business imperative, advancing inclusion and diversity requires clear strategy, deliberate focus and sustained action.

Business can ACT ON making change happen.

We know there is no single formula for improving inclusion and diversity that is applicable to every company, industry or environment. However, we believe that openly sharing these actions in a spirit of collaboration will allow organizations to achieve their inclusion and diversity goals faster than any organization could achieve on its own.

Actions

Like any critical business imperative, advancing inclusion and diversity requires clear strategy, deliberate focus and sustained action.

Business can ACT ON making change happen.

We know there is no single formula for improving inclusion and diversity that is applicable to every company, industry or environment. However, we believe that openly sharing these actions in a spirit of collaboration will allow organizations to achieve their inclusion and diversity goals faster than any organization could achieve on its own.

Actions

Like any critical business imperative, advancing inclusion and diversity requires clear strategy, deliberate focus and sustained action.

Business can ACT ON making change happen.

We know there is no single formula for improving inclusion and diversity that is applicable to every company, industry or environment. However, we believe that openly sharing these actions in a spirit of collaboration will allow organizations to achieve their inclusion and diversity goals faster than any organization could achieve on its own.

Actions

Like any critical business imperative, advancing inclusion and diversity requires clear strategy, deliberate focus and sustained action.

Business can ACT ON making change happen.

We know there is no single formula for improving inclusion and diversity that is applicable to every company, industry or environment. However, we believe that openly sharing these actions in a spirit of collaboration will allow organizations to achieve their inclusion and diversity goals faster than any organization could achieve on its own.

Actions

Like any critical business imperative, advancing inclusion and diversity requires clear strategy, deliberate focus and sustained action.

Business can ACT ON making change happen.

We know there is no single formula for improving inclusion and diversity that is applicable to every company, industry or environment. However, we believe that openly sharing these actions in a spirit of collaboration will allow organizations to achieve their inclusion and diversity goals faster than any organization could achieve on its own.

Actions

Like any critical business imperative, advancing inclusion and diversity requires clear strategy, deliberate focus and sustained action.

Business can ACT ON making change happen.

We know there is no single formula for improving inclusion and diversity that is applicable to every company, industry or environment. However, we believe that openly sharing these actions in a spirit of collaboration will allow organizations to achieve their inclusion and diversity goals faster than any organization could achieve on its own.

Actions

Like any critical business imperative, advancing inclusion and diversity requires clear strategy, deliberate focus and sustained action.

Business can ACT ON making change happen.

We know there is no single formula for improving inclusion and diversity that is applicable to every company, industry or environment. However, we believe that openly sharing these actions in a spirit of collaboration will allow organizations to achieve their inclusion and diversity goals faster than any organization could achieve on its own.

Actions

Like any critical business imperative, advancing inclusion and diversity requires clear strategy, deliberate focus and sustained action.

Business can ACT ON making change happen.

We know there is no single formula for improving inclusion and diversity that is applicable to every company, industry or environment. However, we believe that openly sharing these actions in a spirit of collaboration will allow organizations to achieve their inclusion and diversity goals faster than any organization could achieve on its own.

Actions

Like any critical business imperative, advancing inclusion and diversity requires clear strategy, deliberate focus and sustained action.

Business can ACT ON making change happen.

We know there is no single formula for improving inclusion and diversity that is applicable to every company, industry or environment. However, we believe that openly sharing these actions in a spirit of collaboration will allow organizations to achieve their inclusion and diversity goals faster than any organization could achieve on its own.

Actions

Like any critical business imperative, advancing inclusion and diversity requires clear strategy, deliberate focus and sustained action.

Business can ACT ON making change happen.

We know there is no single formula for improving inclusion and diversity that is applicable to every company, industry or environment. However, we believe that openly sharing these actions in a spirit of collaboration will allow organizations to achieve their inclusion and diversity goals faster than any organization could achieve on its own.

Actions

Like any critical business imperative, advancing inclusion and diversity requires clear strategy, deliberate focus and sustained action.

Business can ACT ON making change happen.

We know there is no single formula for improving inclusion and diversity that is applicable to every company, industry or environment. However, we believe that openly sharing these actions in a spirit of collaboration will allow organizations to achieve their inclusion and diversity goals faster than any organization could achieve on its own.

Actions

Like any critical business imperative, advancing inclusion and diversity requires clear strategy, deliberate focus and sustained action.

Business can ACT ON making change happen.

We know there is no single formula for improving inclusion and diversity that is applicable to every company, industry or environment. However, we believe that openly sharing these actions in a spirit of collaboration will allow organizations to achieve their inclusion and diversity goals faster than any organization could achieve on its own.

Actions

Like any critical business imperative, advancing inclusion and diversity requires clear strategy, deliberate focus and sustained action.

Giving of our Time and Treasure to Underserved Populations

Challenge

We recognize that our communities in which we work and live have a lot of needs and felt it was important to give back both with our time, but also with a financial investment into those organizations we support.

Actions

As part of our desire to give our employees work life balance, we encourage each employee to take 24 hours of Volunteer Time Off per year. This year, we hosted Abdo Volunteer Day, where we encouraged employees to volunteer at an organization that serves underserved populations. We also donated money to those organizations to assist with program costs.

Outcomes

We had about 40% of our employees volunteer on Abdo Volunteer Day, a number we hope to increase to 80% in 2022.

Transparency

Challenge

At Accenture, we believe transparency creates trust. In 2016, we were the first professional services company to publish the demographics of our US workforce for gender, ethnicity, veterans and persons with disabilities.

Actions

We committed to publishing the information annually to hold ourselves accountable for progress. This has kicked off a new level of collaboration and innovation with our people, our clients and our communities. In publishing our demographics, we issued an external announcement and posted the demographics online along with a letter from our Chief Executive Officer of North America, Julie Sweet. We also engaged employees in the announcement, creating an “I&D Circle” – an online forum where employees can share ideas and explore practical ways we can make a change in inclusion and diversity.

Outcomes

In 2017, we followed through on our commitment for annual publication, releasing our most recent demographics, which showed modest increases in diversity over the prior year. We also shared the steps we are taking to accelerate our progress, which include setting a new goal for gender diversity: growing our percentage of women in the US to at least 40 percent.

Holistic and Comprehensive Wellbeing and Benefits Program

Challenge

Create a comprehensive and holistic set of programs designed to support team members professionally and personally.

Actions

ACT's wellbeing program, including traditional benefit offerings, is designed to support the "whole person" and provide personalized solutions across the following six pillars: financial, physical, emotional and psychological, social, career, and community. Examples of programs offering personalization and choice include:

• Comprehensive medical coverage including access to virtual health and behavioral health care services, dental options based on individual needs (e.g., orthodontia or not), Employee Assistance Programs (including childcare and eldercare referrals and family counseling), and a legal assistance plan.

• Access to onsite nurse clinic, state-of-the-art fitness center, chair massages, and healthy cafeteria options.

• Financial wellness program including free access to nationally renowned financial planning experts, onsite retirement consulting advisors, voluntary life insurance and AD&D options, and generous employer retirement contributions.

• Education-based programs including tuition assistance program and 529 savings account with an employer matching contribution.

• Free weekly meal planning and grocery delivery service, discount programs, pet insurance, vendor fairs, flu shot clinic, and company-sponsored wellbeing events, dry-cleaning, etc.

Outcomes

Our team members feel cared for and supported throughout each life stage and view ACT as a partner in providing solutions for their overall wellbeing. Our programs consistently rank as highly valued in team member surveys.

Quote

Each person has a different life story – where they've been, where they are, where they hope to go. ACT's well-being program recognizes that diversity. We support team member well-being it because it's the right thing to do, and because a person who is financially, physically, and emotionally healthy is happier and more productive, and that adds directly to our bottom line.

Measuring Team Dynamics & Inclusiveness

Challenge

Despite a strong research and data culture, ACT faces challenges in measuring internal inclusiveness and team dynamics. Our goal is to gather real-time, empirical data that is bite-size enough to enable responsive action from leaders and team members. This means the process must be simple and efficient, yet robust enough to inform both work on team effectiveness and organization-wide culture efforts.

Actions

We collaborated with our internal Survey Research team to design our own group dynamics instrument. The goal was a customized solution that met the following requirements: meaningful to ACT, includes key aspects of group dynamics, and is theoretically sound.

Our instrument was informed by the following:

- ACT's past survey results and culture data
- Insights and needs identified via culture focus groups
- ACT's Guiding Principles
- Group dynamics and inclusion literature

The instrument has five constructs (Alignment, Collaboration, Commitment, Reward, and Trust) with each construct containing five items, resulting in a 25-item survey. We use the survey findings in conjunction with team effectiveness sessions, new leader assimilations, and both organization-wide and area-level pulse surveys. In addition to these surveys, we also conduct cross-functional focus groups, area focus groups, panel discussions, and/or working sessions to gather qualitative feedback.

Outcomes

This approach facilitates smaller changes that are reinforced over time, as opposed to one-and-done events. In association with team effectiveness sessions, we have seen measurable increases in team alignment, role clarity, and trust. As a result of real-time data and responsive action planning, changes are realized more quickly. Leaders and team members also see measurable results on a more frequent basis.

Quote

Numbers are useful, but only if they are granular enough to measure a specific "thing" and recent enough to still apply. By focusing on bite-size, real-time information, we can collect data quickly, rapidly understand the results, and then act – fast – so that the problem we're solving still resembles the one we originally asked questions about.

Leadership Academy

Challenge

ACT is rapidly evolving, as are the leadership capabilities needed to achieve our goals and deliver on our mission. In response, we created The ACT Leadership Academy.

Actions

The ACT Leadership Academy is a cohort-based learning experience that includes approximately 20 leaders from across the organization. Each cohort includes leaders with diverse backgrounds. The Academy is designed around personalized growth, common foundations for leadership, and business acumen. This is a unique opportunity for participants to engage as a learner, colleague, contributor, change agent, teacher and leader to advance ACT's mission, strategy, and value proposition.

Leadership Academy Objectives & Enabling Components:

1. Personal Development & Self-Awareness

- Formal 360-degree assessment
- MBTI assessment
- Action planning with stretch leadership behavior goals
- Certified executive coaching for each participant

2. Organizational Development

- Learning opportunities tied to competencies, skills, and behaviors needed to advance ACT
- Team effectiveness/group development sessions
- Group-based projects tied to business needs and potential market/product plays

3. Professional development

- Internal and external thought leaders deliver training and collaborative learning sessions
- Senior management participates by discussing real-time, critical topics associated with current priorities and future opportunities
- Customer focus, e.g., traveling to Chicago Public Schools and meeting with underserved students to learn more about how we can better serve them
- Training constructs that include business acumen, diversity and inclusion, and leadership development

Outcomes

To date, more 65 of our senior leaders have participated in the Leadership Academy

- Five promoted into VP roles
- Two promoted into Sr. VP roles
- Measurable increases related to leadership behavior goals
- Previous cohorts have access to thought leaders and remain connected
- Measurably stronger relationships, measurable learning, and demonstrated awareness and understanding of ACT’s strategy, rationale, and business activities

Quote

Most of us don’t grow up in families with business leaders who taught us the ropes of 'business' and 'leadership' around the kitchen table, so this is our kitchen table. Each class member is expected – figuratively – to help set the table, grab a frying pan, and get to work. The Academy helps our up-and-coming leaders 'learn the ropes' in an active and explicit manner. ACT’s mission is 'Helping people achieve education and workplace success.' That mission begins at home.
